

SurePost for Magento 2 Installation Instructions

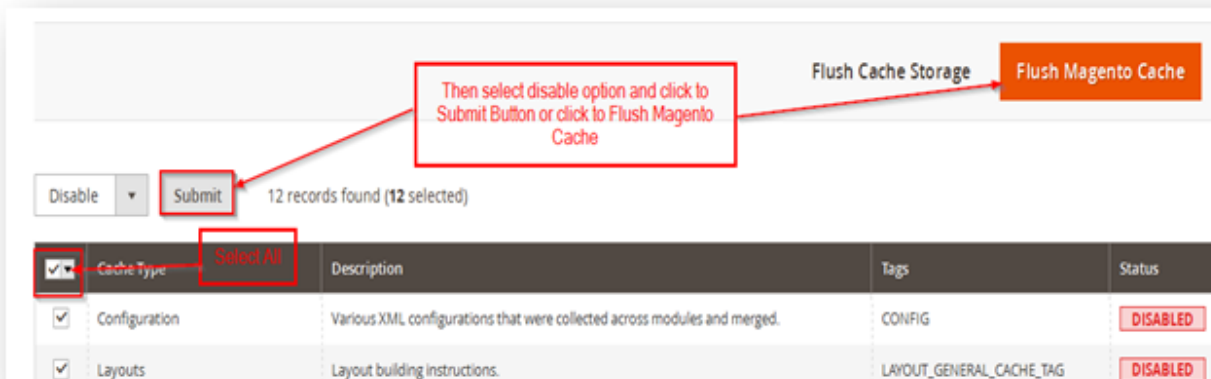

Installation:

Before Installing the Extension, Backup your web directory and store database then you have to log in into the admin panel and then clear the Cache or Disable the cache.

Firstly you will need to access your admin dashboard and navigate to System> Cache Management

Now you will get Cache Management page.

Step 1 : Extract the archive (Web2Market_Modulename-version.zip)

Step 2 : upload the app folder in Magento2 root directory

Step 3 : Now after the successful upload, Open the terminal (cmd), then run the command on Magento2 root directory-“**php bin/magento setup: upgrade**”

```
